Sale of medicines under different brand names

†2523. SHRI KRIPAL PARMAR: Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state:

(a) whether it is a fact that medicines of same formulations are being sold in the market in abundance, under different brand names; and

(b) whether it is also a fact that there is 50 to 100 per cent difference in the rates of medicines of such brands?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI TAPAN SIKDAR): (a) and (b) In the Pharmaceutical market, there are many brands of the same composition manufactured by different companies.

For a Scheduled formulation, a manufacturer is required to follow the price fixed by the Government in accordance with the provisions of the Drugs (Prices Control) Order, 1995. Prices of non-Scheduled formulations are fixed by the manufacturers themselves keeping in view the various factors like cost of production, marketing/selling expenses, R&D expenses, trade commission, market competition, product innovation, product quality etc.
